

Monroe Rubber & Plastic Material Order Reference Guide

When ordering scalloped strips specify the dimensions of the strips in the following sequence:

A = WIDTH OF STRIP (**MATERIAL SHEET THICKNESS**)

B = HEIGHT OF STRIP

C = LENGTH OF STRIP

Example: When ordering a scalloped strip with a $5/16$ " width, $5/8$ " height, and $9\ 5/8$ " length, specify as follows:

A = $5/16$ " WIDTH OF STRIP (**MATERIAL SHEET THICKNESS**)

B = $5/8$ " HEIGHT OF STRIP

C = $9\ 5/8$ " LENGTH OF STRIP

In this example the scalloped strip is specified as follows: $5/16$ " x $5/8$ " x $9\ 5/8$ "
